WELCOME ADDRESS

Dear Madam/dear Sir,

The organiser of the XXVIII International College of Neuropsychopharmacology (CINP) has appointed CPO HANSER SERVICE to arrange a technical exhibition in connection with the XXVIII International College of Neuropsychopharmacology (CINP) and to offer various sponsorship options for pharmaceutical and medical engineering companies. In return, CPO HANSER SERVICE provides certain services, such as the organisation of the congress, support of the scientific secretariat, editing of congress publications (announcements, invitation and final programme of the congress) and the congress website. Further services contain delegate registration and accommodation as well as abstract handling. In addition CPO HANSER SERVICE pays a license fee to the organiser of the congress.

Consequently CPO HANSER SERVICE acts as the organiser of the technical exhibition and offers various sponsorship options on its own behalf. These services include:

- Exhibition space
- Events in the individual responsibility of the companies, such as Luncheon, Satellite Symposia and Breakfast Symposia
- Invitation of congress delegates by covering their congress fees
- Abstract CD-ROM
- Advertisements in the congress publications and on the congress website
- Signage at the congress venue
- Inserts in congress bags
- Image promotion/ brand advertisement

These services will be contracted without exception by CPO HANSER SERVICE based on the conditions included in this brochure on page 11.

The above supports the common effort of the congress organiser and CPO HANSER SERVICE to transparently present the circumstances and industrial relations in connection with the pharmaceutical code of conduct.

Kind regards,
CPO HANSER SERVICE

Inge Hanser
Managing Director

WELCOME FROM THE PRESIDENT AND CHAIRMAN OF THE LOCAL ORGANISING COMMITTEE

Dear Madam/dear Sir,

It is with much pleasure that I invite you to participate at the XXVIII CINP Congress which will take place in Stockholm, Sweden from 3 – 7 June 2012.

The International College of Neuro-Psychopharmacology (CINP) is well known for providing the platform for leading world experts in the field of neuropsychopharmacology to present the most informative and up to date data. In Stockholm in 2012 we plan, with the assistance of our distinguished colleagues on the International Scientific Programme Committee, to bring science of the highest calibre, set in the magnificent capital city of Stockholm.

Whether you are participating as one of our distinguished speakers, a prize winner, a delegate or a representative of Industry it is my personal privilege to warmly invite you to attend the XXVIII meeting of the College.

Prof. Hans-Jürgen Möller
CINP President

ABOUT CINP

The International College of Neuropsychopharmacology (CINP) is a truly worldwide organisation established over 50 years ago in Zurich, Switzerland. Membership is on an individual basis and we offer members the opportunity to become part of this knowledgeable group of scientists who work at the international level.

Holding regular meetings in the form of Thematic meetings, Regional Meetings, Training Programmes and the Biennial world congress, CINP reaches interested researchers all over the world. CINP is dedicated to promote research and education on a worldwide basis.

The Executive Committee and Councillors of CINP are nominated by the membership and serve a minimum of 4 years. These individuals cover a wide range of disciplines within the field from psychiatrists, psychopharmacologists, basic and clinical researchers and clinical psychologists. CINP relies on its many subcommittees who undertake a variety of activities for the College.

Membership of the College is available to any individual to apply for. The membership application is reviewed by a dedicated committee on a regular basis.

The International Journal of Neuropsychopharmacology, IJNP, with a steadily increasing impact factor, has become a sought after publication. Articles are received and reviewed independently and are published after a rigorous review process.

For more information about the College please go to our interactive website at **www.cinp.org**.

PROFILE OF ATTENDANCE

Delegates attending the CINP XXVIII Congress are clinical psychiatrists, research psychiatrists and psychopharmacologists working in both clinical and basic research. The scientific programme, selected by the International Scientific Programme Committee, will interest workers in all these areas. CINP wishes to promote an open and inclusive community of global psychopharmacologists, whether scientists or clinicians. The very strong scientific and educational programme combined with the attractiveness and accessibility of Stockholm as a venue leads us to be confident of an excellent attendance at this Congress.

Rafaelsen Travel Award

EUR 7,500

Per young scientist

In 1986 Ole Rafaelsen and William Bunney were instrumental in establishing a CINP program supporting the attendance of young scientists at the XVth CINP Congress in 1986. That program was posthumously named the Rafaelsen Fellowship Award to honour Dr. Rafaelsen, who died in 1987.

The recipients of the XXVIIIth Congress Awards will be chosen by an international scientific jury. Awardees will be selected and presented with Awards consisting of round trip economy air travel, up to 3 nights accommodation, certificate and waived registration fees at the XXVIII CINP Congress in Stockholm.

Guidelines:

- The Young Investigator Awards are open to individuals world-wide, independent of nationality, sex or race.
- Applications must be sponsored by a CINP member; self-nominations are accepted.
- Those nominated may be researchers or clinicians, but must have made a commitment to the field of neuropsychopharmacology.
- Individuals must have a doctorate degree, be working full-time in neuropsychopharmacology research, teaching, or clinical activities, and have not reached his/her 36th birthday in the year in which the award is made (i. e., no older than 35 years of age as of 31 December 2012).
- Each Awardee must commit to present a poster at the 2012 Congress.
- The Awardee must commit to attendance at the 2012 Congress for at least three full days.

We would like to encourage as many of our young scientists to have the opportunity to attend the XXVIII Congress in Stockholm and would welcome sponsorship for this award. The cost of sponsoring one awardee as stipulated above will be EUR 7,500 per awardee.

Benefits of this sponsorship include:

- Company name and logo printed in the pocket programme
- Company logo on the website

For any further sponsor options not mentioned above, please do not hesitate to contact the **Congress and Exhibition / Sponsor Office** at aveldhues@cpo-hanser.de.

Stockholm

Stockholm is situated on Sweden's south-central east coast, where Lake Mälaren meets the Baltic Sea. The central parts of the city consist of fourteen islands that are part of Stockholm archipelago and cover an area of about 7084 square kilometres (2735 square miles). The geographical city centre is situated on the water, in the bay Riddarfjärden. Over 30 per cent of the city area is made up of waterways. Around 40 per cent of the territory consists of parks or recreational areas and there are seven nature preserves within city limits which are all easily reachable by public transportation.

Visa

The entry formalities for Sweden vary according to the country of origin. All visitors entering Sweden must have a passport that is valid for at least three months beyond the length of stay. For citizens of the European Union Member Countries, a valid identity card is sufficient. Please address inquiries about entry and vaccination requirements to the Consulate General or consult the website of the Ministry for Foreign Affairs in Sweden.

Stockholmsmässan

The Stockholmsmässan or Stockholm International Fairs & Congress Center was established in 1946 and is owned by the City of Stockholm and the Stockholm Chamber of Commerce. It is situated in the southwest area of Stockholm.

Airport and Arrival Information

Stockholm-Arlanda is Sweden's largest airport and an important hub for both the Stockholm region and Scandinavia – primarily thanks to aviation, with 167 destinations around the world provided by over 80 airlines, but also due to its good ground transport services to and

from other parts of the Stockholm region. The fastest and easiest way to get to the city is by the Arlanda Express, which takes 20 minutes or even less. Down to good road connections as for taxis and bus lines and thanks to long-distance trains and commuter trains, which go both ways from and to the airport, the city is accessible.

Public transportation

With its fourteen islands Stockholm is geographically unique. You can travel the whole county with Storstockholms Lokaltrafik (SL), Stockholm Public Transport and Waxholmsbolaget, responsible for the whole archipelago traffic incl. ships and ferries. The area also covers a distance of several kilometers outside the actual city centre. Whether by taxis, Metro, commuter trains, suburban railways, ships or hundreds of bus lines, you can get to know the city easily and gain impressions of one of the world's most beautiful capitals.

Currency

The currency is the Swedish Krona.
